*“Bringing USM to the world
and the world to USM”*

Mobility Programmes at USM

USM-IMCC offers a wide range of Study Abroad Programmes for students from our partner universities across the globe. These programmes are offered at undergraduate and postgraduate level. International students from our partner universities can apply according to the myriad of mobility programmes offered. USM offers excellent higher education opportunities to students from around the world to come for an experience of a lifetime in Penang, Malaysia. So what are you waiting for? This is the time for you to seek what's best for you and to explore new things!

What is Student Exchange Programme ?

A credit transfer programme where students study in USM for one or two semesters. Required courses enrollment are from 9 to 21 credit units. USM-IMCC will provide you with a lot of fun activities during your exchange programme in USM.

What is a Short Term/Summer Programme?

The short term programme is tailor-made to cater the needs of our partner universities for mobility events in a short period of time. Under this programme, USM-IMCC can plan a credit transfer programme or non credit programme to suit your interests. Summer Programme at USM that suits brimming with cultural activities that will allow you to explore Malaysia in all its diverse beauty.

What is an Internship Exchange Programme?

Internship Exchange programmes can be done under research, working at any USM departments or attached with our collaborating industries. The internship can last from a few weeks to within 6 months. The area of research should be preliminary determined through discussion with the potential supervisors. The list of staff and their area of expertise is visible at <http://experts.usm.my/> or email to dir_imcc@usm.my for inquiries.

What is a Research Attachment Programme?

Research attachment programmes can be performed at one of our high end and cutting edge laboratories or facilities at USM to enhance research skills and in-depth understanding of research areas. Students can request for an attachment at USM for as short as 1 month up to a 12 month period. The programme will be supervised by an expert in the field at our Schools/Centres and is more suitable for postgraduates undergoing research study in their home countries. The area of research should be preliminary determined through discussion with the potential supervisors. The list of staff and their area of expertise is visible at <http://experts.usm.my/> or email to dir_imcc@usm.my for inquiries.

Testimonials

"Exchange in USM is definitely incredible. I had chances to study Bahasa Malaysia as well as immersing deep into the Malaysia culture. I got various unforgettable experiences by wearing traditional Malay clothing (Kebaya), performed Malay songs on stage and promote Hong Kong's culture in International Cultural Fiesta. Therefore, exchange in USM is absolutely fruitful and wonderful."

Janet 20, Hong Kong

"At first, I didn't choose USM as my first choice for university. But after experiencing USM for awhile, I was so glad that I got the opportunity to study here. I got along with the other international students and I bonded with some local students. I got to see things in different perspectives and I got to explore a lot of new things!"
